Registration

All participants must register on this site in order to be able to compete in the V75 World Cup.

Contenders may register until round two's betting deadline on Saturday, October 10th 16.20. However, it is of course best to sign up as soon as possible so that you may participate in all six rounds.

The World Cup competition will have two sites, one for Swedish bettors and one for ATG's international customers. This is due to the fact that Swedish bettors must have an ATG account to be able to participate in the competition. This means that the international site is only open for international bettors that are not allowed to open an ATG account, since they are not residents in Sweden.

The international bettors may submit their proposed systems on int.v75.se. All systems must be submitted before the betting deadline. The international bettor with top position on the international site's Leader Board after round six on November 7th will be offered a place in the finals.
